Barts **Bio**Resource

July 2018 Newsletter

Information

Bart's BioResource (BBR) news and views is a monthly newsletter that showcases our research recruitment for the different layers of consent (data, biosamples, tissue donation \pm future contact) and our key locations where consenting currently takes place.

The *BBR* newsletter shares information on new sub project developments and also provides patient and staff feedbacks relevant to our research project.

The *BBR* can often support disease specific research projects and questions. If you would like to find out more or have any comments on this newsletter, please contact maudrian.burton@bartshealth.nhs.uk

Access to the project can be obtained by completing the below link

Patient Feedback

Barts Health
NHS Trust

“ I like the idea of Barts BioResource and the option to opt out of future contact”.

Anonymous participant

“I would be very happy to take part but in the near future. I want to focus on my procedure”.

Anonymous participant

“I have joined numerous studies during my time in the hospital, not comfortable joining more. I am only here for my procedure”.

Anonymous participant

Staff Feedback

“You are part of the family now”. Anonymous staff

“Do not want to be running late”. Anonymous staff

“Would be nice to have research integrated in our department”. Anonymous staff

“I have my patients and would like if you could kindly approach”. Anonymous staff

Barts BioResource cumulative recruitment

Total consent N = 18069; Total re-consent N = 1342

Proportion of recruitment by researcher

Recruitment to each stratum

Barts Health
NHS Trust

Type of consent

Completed blood collection out of all patients consented for blood

Completed blood collection out of all patients consented for blood

Completed tissue collection out of all patients consented for tissue

Completed tissue collection out of all patients consented for tissue
